Osaka Rotary Club President Tatsuto Hiroaka (left) was among those participating in the re-dedication of a Japanese Stone Lantern at the former home of Paul & Jean Harris, known as **Comely Bank**. When Paul & Jean visited Japan in 1935 Shozo Murata, Osaka Rotary Club Past President and 1935 District Governor, gave the temple lantern to Paul. It was placed it in front of their home where it remained until 1974 when the family that had bought the home after Paul's death took the lantern with them to their next residence. PDG Don Knapp brought the lantern back to **Comely Bank** prior to Rotary's Centennial Convention. The ceremony shown above took place June 19, 2005.
