

Paul Harris spent many hours reading. Off of the hallway on the northeast corner of the first floor is an office partitioned off of what was a dining room and is now the family room. There is a half bath and entrance to the basement located on the south side of the hallway between the kitchen and living room.

Access to the up-stairs is by a two-segmented flight of stairs alongside the front entrance to the front of the house. The first landing has two offset large stained glass windows. Paul and Jean's master bedroom is in the northwest portion of the upstairs with two large windows overlooking the rear yard. Three smaller bedrooms and a full bath are located upstairs. Beverly's Historical Society provided original drawings of house. The inside of the house has been remodeled. The heating system was recently replaced.

We need your help!

Our goal is to identify a Rotarian possessing the financial means to underwrite efforts to have Comely Bank functioning as a Rotary Museum in June of 2005. This underwriter would have their name forever linked with the home of Rotary's founder.

Meanwhile, we custom assemble and serialize a plaque (pictured on page 3) for each \$1,000 donor. A thousand dollars is certainly not the minimum amount a person might donate; it is the minimum for which a serialized and personalized plaque will be shipped. Donations of any amount are appreciated. US Dollar checks should be payable to the "Paul and Jean Harris' Home Foundation." The enclosed ballot is a convenient way to make your financial pledge.

(Left to right) Ken Butler, Don Knapp, Fred Otto and Ernie Mainland
